FAQ

What if my group is under 50,000 members but I'd still like to apply?

If your group is under fifty thousand members, you can consult Affiliate Relations in order to discuss the boundaries of alliance exceptions.

My group is so close to meeting one of the prerequisites! We've gotten everything else, can we apply?

If you're getting fourteen players in a premise every day, for example, this will be a justification reasonably within our boundaries and as long as your activity is steady or increasing, you will be able to apply and be considered.

My group is interested in the application, but we haven't gotten back to you yet.

If it has been a few days and there has been no response, there's a likelihood that we have closed the opportunity for an affiliation. However, there are exceptions to this of which you can message the Affiliate Relations Branch regarding the status.

Do I have to use grammar in your premises if I am apart of your affiliation?

That would be up to your Public Relations or Communication Department, however, we do appreciate grammar and professionalism as a part of representing your affiliate in the best manner possible.

A representative of your affiliation was being disruptive at my premises.

Please contact the Affiliate Relations Branch immediately if you witness a member of the Management Team violating your café’s regulations at your premises. We sincerely apologize for this occurrence.
