

Bloxton Hotels Helper Guide

[ALL RANKS]

Last updated as of October 10th, 2022

Disclaimers - the answers to the questions will not be in this document to avoid possible cheating. If you're unsure of an answer feel free to use a different question or ask for the answer in the Discord's #question channel.

As a helper, **you should only ask your trainee 5 questions**, no more and no less, however for this document I will be adding more than 5 so you can have a choice of what to ask.

Please note that getting 3 questions incorrect or 5 grammar strikes will result in them failing the session, please do not wait for the end to fail them, if you think they've failed, ask a Manager+ to double check.

If you notice any mistakes or anything that needs to be updated please dm emily#4444 or any HR that will let me know! You're allowed to copy and paste the guides on your own doc if you'd like, you may edit them however as well! :]
